

Dalton Daly

Chicago, IL 60601 | (908) 692-2319 | dalton.daly@yahoo.com | [DalyDevelops](#)

I currently work as a Software Engineer on the e-commerce team for a global manufacturing company responsible for feeding the world. Before my current role, I was a U.S. Army Ranger. Given my strong communication skills and technical background, I am a great fit for a fast-paced team.

PROFESSIONAL EXPERIENCE

John Deere, Chicago

Software Engineer

February 2023 – Present

- Contributed to the development of a “shop-by-diagram” feature using React and TypeScript, leading to a 30% increase in add-to-cart conversions, enhancing user engagement, and driving revenue growth
- Led the end-to-end implementation of a novel feature, enabling user interaction with 3D renderings of our products, enhancing the user experience
- Successfully onboarded and mentored 3 junior developers, accelerating their proficiency in React and TypeScript and contributing to a 20% improvement in team productivity
- Assumed responsibility for UI development within our team, establishing a robust code standard that completely eliminated code smells, ensuring codebase cleanliness and maintainability

Curative, Inc.

Regional Manager – Mid-West

February 2022 - October 2022

- Managed the operations of 15 Covid-19 testing sites and over 50 employees in a region spanning from Illinois, Missouri, and Kansas
- Trained 3 community health departments on proprietary software that handled patient data and cost analysis
- Created a 4 week training program for 3 levels of employees of higher and lower positions in the company
- Communicated and verified HIPAA, OSHA, and internal QA standards at all Covid testing sites in the region

United States Army

Special Operations Team Leader | 75th Ranger Regiment.

September 2017 - February 2022

- Lead teams of 4-6 Rangers on various Live Fire Exercises, Airborne Operations, and maintained their physical and mental conditioning for the rigors of the job
- Responsible for the transportation of over \$100,000 worth of military equipment between 3 continents
- Trained 2 foreign friendly forces on marksmanship, battlefield medicine, and cultural integration
